

## Neurology Nurse Specialists Information for Parents and Carers

### Neurology Nurses Support

Neurology Nurse Specialists are part of the Neurology Team. We help support parents/carers and children with epilepsy and other neurological conditions from diagnosis and throughout their ongoing care.

If your child is having trouble with their epilepsy or neurological condition between hospital appointments, you are welcome to discuss with us.

We accept queries from parents of children attending Professor David Webb, Dr Mary O'Regan and Dr Susan Byrne.

However, we cannot provide an emergency service.

The Neurology nurse voice mail service is open on Tuesday, Wednesday and Thursday from 9am to 11am. Please phone number: 01 409 6581 (subject to change). The Neurology nurses will respond to your call in 3-5 working days.

In the case of an emergency, please attend your local Emergency Department.

### Sending video clips

If you are asked to provide a video, please note the following:

- We only accept videos using 'WETRANSFER'. This is a free and user friendly platform.
- For access, search 'WETRANSFER' and follow the prompts which will allow you to upload and send your video to [Neurology.videos@childrenshealthireland.ie](mailto:Neurology.videos@childrenshealthireland.ie)
- Once this is complete, phone the neurology nurses voice mail to let them know the video has been sent.

**This email is only used to facilitate video clips and not for medical queries.**

## How to contact us

### Letters, appointments and general enquiries

Your consultants secretary can be contacted for letters, appointments and general enquiries:

Professor Webb - (01) 409 6411

Dr O'Regan - (01) 409 6413

Dr Byrne - (01) 409 6185

### EEG appointments and results

EEG appointments can be made by contacting the EEG secretary: EEG secretary - (01) 409 6904

EEG results will be discussed at your next appointment. The result will be sent to the requesting Doctor and you will be contacted if any treatment changes are required.

### MRI appointments and results

MRI appointments can be made by contacting the X-Ray Department.

X-Ray Department - (01) 409 6151

MRI results will be discussed at your next appointment. The result will be sent to the requesting Doctor and you will be contacted if any changes treatment changes are required.
